The decimal interest shown on Exhibit "A" to this Division Order was calculated using the allocation method and percentages shown on the Schedule of Productive Lateral Lengths, which Schedule is deemed to be a part of this Division Order for all purposes. ""

THIS AGREEMENT DOES NOT AMEND ANY LEASE OR OPERATING AGREEMENT BETWEEN THE INTEREST OWNERS AND THE LESSEE OR OPERATOR OR ANY OTHER CONTRACTS FOR THE PURCHASE OF OIL OR GAS.

The following provisions apply to each interest owner ("owner") who executes this agreement:

TERMS OF SALES: The undersigned will be paid in accordance with the division of interests set out above. The payor shall pay all parties at the price agreed to by the operator for oil and gas to be sold pursuant to this division order. Purchaser shall compute quantity and make corrections for gravity and temperature and make deductions for impurities.

PAYMENT: From the effective date, payment is to be made monthly by payor's check, based on this division of interest, not later than 60 days after the end of the calendar month in which oil production is sold and 90 days after the end of the calendar month in which gas is sold, from the property listed above, less taxes required by law to be deducted and remitted by payor as purchaser (unless the lease specifies a different time for payment, in which event the payment terms of the lease shall control). Payments of less than \$100 may be accrued before disbursement until the total amount equals \$100 or more, or until September 30 of each year, whichever occurs first. Payee agrees to refund to payor any amounts attributable to an interest or part of an interest that payee does not own.

INDEMNITY: The owner agrees to indemnify and hold payor harmless from any liability resulting from payments made to the owner in accordance with such division of interest, including but not limited to attorney fees or judgments in connection with any suit that affects the owner's interest to which payor is made a party.

DISPUTE; WITHHOLDING OF FUNDS: If a suit is filed that affects the interest of the owner, written notice shall be given to payor by the owner together with a copy of the complaint or petition filed. In the event of a claim or dispute that affects title to the division of interests credited herein, payor is authorized to withhold payments accruing to such interest, without interest unless otherwise required by applicable statute, until the claim or dispute is settled.

TERMINATION: Termination of this agreement is effective on the first day of the month that begins after the 30th day after the date written notice of termination is received by either party.

NOTICES: The owner agrees to notify payor in writing of any change in the division of interest, including changes of interest contingent on payment of money or expiration of time.

No change of interest is binding on payor until the recorded copy of the instrument of change or documents satisfactorily evidencing such change are furnished to payor at the time the change occurs.

Any change of interest shall be made effective on the first day of the month following receipt of such notice by payor.

Any correspondence regarding this agreement shall be furnished to the addresses listed unless otherwise advised by either party.

In addition to the legal rights provided by the terms and provisions of this division order, an owner may have certain statutory rights under the laws of this state.

This Amended Division Order is due to a revised As-Drilled plat.

SCHEDULE OF PRODUCTIVE LATERAL LENGTHS

Pioneer Natural Resources USA, Inc. is disbursing revenues on the horizontal wells and the properties described on the attached Oil and Gas Division Orders. Each royalty interest owner will receive payments based on their ownership interest in the individual tracts traversed by the well multiplied by the portion of production attributable to that tract. The total productive lateral length of the well (the distance from first take point to the last take point) will be measured, the productive lateral length of the well that exists beneath each individual tract will be measured (“Length of lateral in tract”), and production will be allocated to each tract based on the percentage of total productive lateral length that is under that tract (“Allocation percentage”). The Allocation percentage is then multiplied by your decimal ownership interest in the applicable tract to determine the “NRI Decimal” shown on the accompanying Division Order.

For example, assume a well traverses two tracts, tract A and tract B, and that you have a 1/8 royalty interest (12.5%) in tract A. Assume also that the total productive length of this well is 7,500 feet and that the productive lateral length beneath tract A is 5,000 feet. Payments to you would be based on the value of 12.5% (your RI) x 66.67% (5,000/7,500 or tract A’s share) x total production sold from the well (valued in accordance with the terms of your oil and gas lease).

Based on the Revised As-Drilled Plat, below is the schedule of productive lateral lengths used to calculate your interest as shown on the enclosed Division Orders for the following well:
